Director's Report

Mr. SoRelle

Busing issues – In the recent budget cuts at FUSD, the band was asked to cover half of the cost of using charter buses for football season events. This money will come from the fundraising efforts of the Band Boosters. With three more away games this season, this will be a cost to the band of appx. \$7500 this year for Caprock and Randall games. (Band will use yellow buses for Plainview game.)

Next year this will become a more costly issue, since there will be more away games.

Cookie Dough Fundraiser – Students will do this fundraiser for their South Padre Island trip in May.

Grades – Students are graded on attendance at all events and sectionals, playing off their music for the directors, equipment inspections before games.

Mr. Carter

Marching Show – First two movements have been completed and students are learning the third movement. Goal is to learn the entire show and be able to perform at the Hereford game Sept 24th.
